

Backflow Tester's Corner - Q&A

How do I and/or my company register for testing in the City of Goodyear?

Certified backflow testers interested in testing within the City of Goodyear can register through [SAMS Goodyear](#). You will be required to provide a copy of your tester certification, as well as a copy of your current gauge calibration.

What do I with the backflow assembly test results?

If it is a new assembly to the City of Goodyear, submit test results by email to backflow@goodyearaz.gov.

All other backflow related documentation is required to be uploaded to SAMS Backflow at:

<https://crossconnection.njbsoft.com/SAMSUnifiedTester/SAMSLogin2FA.aspx>

How do I update my backflow account information?

Backflow account information should be a direct reflection of your water service account. Updates to your water account are done through Utilities Customer Service at 623-882-7887; select the option to speak with a representative.
